CORE VALUES

The core values of our organization shape the foundation on which we perform our duties and conduct ourselves as professionals. These values underlie our work, how we interact with each other and create a culture of value based judgements to support effective decision making. The core values of the Texas Department of Criminal Justice are Courage, Perseverance, Integrity and Commitment.

Courage: The mental and moral ability to overcome fear, make a decision and take action. This includes moral courage, social courage and creative courage.

Perseverance: The ability to exercise moral and physical strength to accomplish difficult tasks. Perseverance requires endurance, determination, tenacity and desire.

Integrity: To do what is morally upright and proper at all times. Integrity is so important because it has a huge impact on how society perceives us, and can impact us as a whole and as an individual.

Commitment: The determination to exhibit loyalty in service above self. Commitment demands that we focus on the primary task at hand and show loyalty, duty and pledge faithfulness to the agency above self.

The products showcased in this brochure can help to serve as a reminder of the TDCJ core values and encourage best practices within the agency.
